The Transatlantic Investment Committee First US Meeting

A BLUEPRINT TO FOSTER JOINT INVESTMENTS IN STRATEGIC TECHNOLOGIES AND HUMAN CAPITAL EMPOWERMENT.

FRIDAY, OCTOBER 28TH, 2022

FROM 11 AM TO 5:30 PM

**EMBASSY OF ITALY
3000 WHITEHAVEN ST NW, WASHINGTON, DC**

The Trade and Technology Council (TTC) plays a key role in enhancing a renewed economic and strategic partnership between the United States and Italy. Joint investments will enable breakthrough technologies, industrial development and human capital empowerment that will be pivotal in ensuring the geo-political and economic competitive advantage of the Transatlantic area in the future.

While considering recent TTC progress, this workshop, promoted by the **Transatlantic Investment Committee (TIC)** together with several partner organizations and **under the patronage of the Italian Embassy in Washington**, takes stock of the outcomes of the First TIC Italian Meeting (Italian Senate, Rome, July 20, 2022), and of the First TIC European Meeting (Brussels, September 27, 2022).

The initiative takes place within a wider two-days framework of events, aimed at promoting a genuine interaction among communities tied to Governments, Business, Education, and Think-tanks from both sides of the Atlantic **to set the stage for a renewed partnership between Italy and the United States in the area of strategic, joint investments in emerging technologies.** This First TIC US Meeting will focus on:

- The opportunity to setup a Transatlantic Investment Fund in order to nurture innovation;
- How to foster and coordinate industrial co-investments, within a reinforced public-private partnership scheme;
- How to leverage on human capital to empower overseas co-investments – by promoting an International Executive Degree for Transatlantic Managers, Entrepreneurs, Investors and Researchers.

The event will mark the upgrade of the TIC into an International Association, aiming at gathering Transatlantic key-decision makers at Italian, US and, soon at European level also. It will anticipate the First TIC UK Meeting (London, late November) and announce **the first TIC – ISPI Policy Report, that will be presented in Washington, DC with a dedicated event in Spring 2023.**

In addition to the TIC Community, **the event will benefit from the presence of the whole Italian Diplomatic Network in the United States**, including Consuls, Trade Commissioners and the Bank of Italy.
